

AUCKLAND UNIVERSITY PHARMACY STUDENT ASSOCIATION PRESENTS:

THE SCRIPT

Issue: 1

Semester: 1 Week: 2

WELCOME BACK!

Summer has come and gone and it's time to pack away the beach umbrella, hang up your swimmers to dry and bask in your well worked on tan as you hang onto the last few weeks of sunny weather that we all love. It's time to gear up for 2011, a year that is sure to bring success and enjoyment for all the pharmies out there! The start to the semester has brought about despair to the country with the Canterbury earthquake rocking the lives of not only the victims involved but the whole of New Zealand and it's been great to see the support shown by everyone. Keep up the support guys, any bit of donation can help CHCH get back on its feet again.

On a lighter note the traditional fresher's camp was definitely one to remember for both the first years and the execs with the fresh faces of pharmacy bringing their own personalities into the mix. It was a full packed 3 days spent at the infamous Clarks Beach Campsite where some of the more enjoyable aspects of the camp included a full course meal with an antioxidant rich single

raw onion followed by dry nutritious weat-bix that went down well with a funnel of calcium rich milk (all courtesy of grassroots!). We also had an ever so quick game of tug-of-war and kayaking in the mangroves where the president and vice president managed to "accidentally fall" right out of their kayaks.

We are sure the first year swill look back on the three days spent at Clark;s beach with many fond memories as they go about through their journey through pharmacy school.

We know this year will be a goodie so make sure you all get out to the events this year and make the most of the best years, especially to those in fourth year, it's your last chance to enjoy Uni life so make it a good one!
