# GRASSROOTS

Grassroots is Student rural health club. This club supports tertiary health students from rural areas, provides advice on careers in rural health, runs related teaching and skills workshops, and holds legendary social events! Interdisciplinary interaction between students is encouraged on rural health matters, plus there is a network with other rural health clubs.

This club is a fun and interactive way to both socialise with multidisciplinary students and network within the rural health sector.

If you're keen to join email Suzanne on [sgoh018@aucklanduni.ac.nz](mailto:sgoh018@aucklanduni.ac.nz)
