FOURTH YEARS
CAN'T WIN TOUCH

Yeah right.

After several delays Touch Rugby was finally held on Tuesday the 29th of March and it was yet another success thanks to our sports reps Moe and Zaid. It was a day of intense competition between the different years of pharmacy, the interns, and the staff. The 4th years dominated the competition repeating their performance from last year, making them yet again the frontrunners for the inaugural pharmacy sports cup. For those of you who missed out on any of the action we are going to give you an unbiased and thorough rap up of the event.

There were some outstanding play and some, which let's just say wasn't up to par. We unfortunately didn't get to see the full potential of the first year team as they were let down by their lack of participation and support. Let's hope that in the coming years they rise to their full potential, but an all round good effort by the players who turned up.

Second years tried their best but unfortunately were let down by some of their teammates being more preoccupied with taking their shirt off and flexing rather than playing the game leading to some inconsistencies. Next time guys please remember its touch rugby, you've got to play your best not look your best to win!

Third years had a good run with some shining moments. Some of their players however were frustrated with the persistent defensive effort Arnold Hermiz who did whatever it took to prevent their team from scoring (even if it sometimes tiptoed along the borderlines of the rules). It's not the end of the road however, there's always next year.

The staff team exerted all their energy, and despite advice and support from team manager Anna Evans and cheerleader Dr Zimei Wu the execution lacked the final touch needed to get the job done. Even though they believe that they came out on top, their experience unfortunately couldn't quite prevail over the age of the team.

Lastly but definitely not least the 4th years, despite several players not being 100% sober had some inconsistency in their performances but showed the incredible determination allowed them to pull through in the dying minutes score the winning try to take it all!

All in all it was a great day and we would like to thank our sports reps again for all their hard work in organising it and we all look forward to the next sporting event.
