### PERTINENT CONSIDERATIONS

- 🍯 I'm DEMURE because I'm friendly, approachable, easy going and loud. Loud to the point where you've probably heard me outside of the 505 building.
- 🍯 I'm MINDFUL because I love having a yarn, you'll probably always see me in the student commons area. Any concerns I'll be the person to talk to! If it's academics, social life, anything!
- 🍯 I'm CUTESEY because I'd love to represent pharmacy where ever I go.
- 🍯 As a former sports rep I have experience organising events such as futsal night, netball night, round the bays etc. for the pharmily. I've also worked closely with the APSA team this year!

### TREATMENT OPTIONS

- 🍯 Your wish is my command. I'll do my best to advocate for everyone in pharmacy!
- 🍯 Planning freshers camp, grad brunch and liasing with other presidents to make sure 2025 goes smoothly.
- 🍯 Work alongside the APSA team to make sure we have a memorable year.
- 🍯 Being the middle person between staff and students!

## FOR VICE PRESIDENT 2025

*silencing your ops one by one*

Greetings pharmily,

I heard APSA is looking for an attentive, friendly, and well-seasoned candidate to help lead the way in 2025. Look no further, your future vice president is here to save you bb gurl.

After being one of this year's media reps, I am no stranger to the unexpected. Nothing could phase me at this point.

Vote Isha to secure a 2025 full of unstoppable energy, wrapped in pure brilliance. Live, Laugh, Love... Vote.

*"she's my woman in pharm

## Case 2: VP syndrome

Rachel Seow is a 22 year old female presenting to APSA with a strong desire to be VP. She only thinks about being VP all day and all night.

Ms Seow dreams of leading the APSA team and ensuring everyone is supported and loving pharm as much as she does.

Ms Seow is also displaying symptoms of being overly friendly and is always up for a yap fest.

APSA has diagnosed her with stage 4 VP syndrome.

## PHARMILYY!!

My name is Ben, and I would be honoured to be your and APSA's 2025 Secretary! As the current Sports rep, this allows me to be better than EVERYONE at planning fun events and socialising (while beating you at table tennis). I would love to be APSA's secretary, take meeting notes and minutes, and guarantee a memorable year!

# APSA 2025 Secretary

Kia Ora Pharmily!

My name is **Kacey McCabe-Shaw** and I would be honoured to be the APSA secretary in 2025.

Being on the APSA executive team will give me the opportunity to get to know and work closely with my pharmacy peers, something we will do a lot in our future careers. As an APSA executive, I will be excited to co-host events which encourage students to take a break from

the overwhelm of the BPharm, such as quiz/game nights, scavenger hunts, and more wellness walks in the beautiful domain.

I have previously been elected as a class rep where I enjoyed being able to speak up for my classmates in matters that are important to our educational experience. I am a creative and well organised individual, so if you ever need a spare pen or locker coin, you can count on me.

**PLEASE VOTE :)**

# Treasurer

# Chhay for Treasurer

## a lil about me

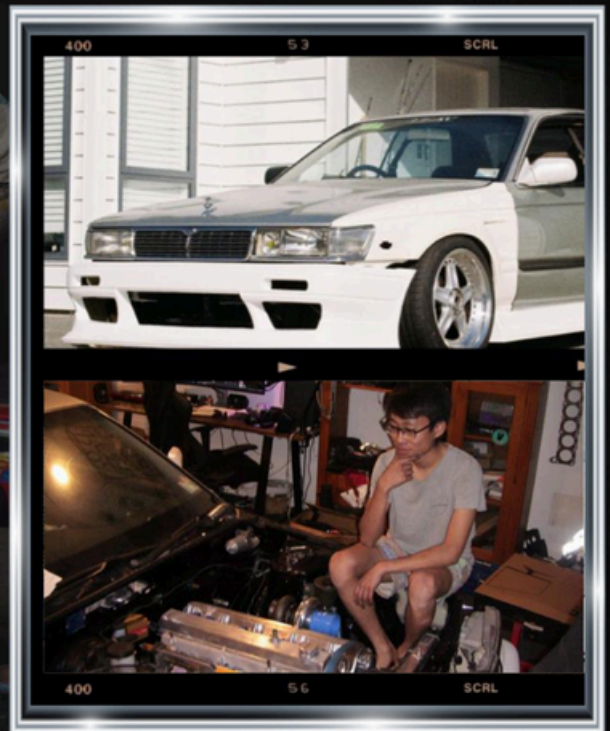

Sup g's, I'm Chhay and I would be honored to be your treasurer for 2025. I believe that my extensive experience with money will help me excel as your treasurer. I'm not here to keep your money safe, that's the bank's job. I'm here to make sure your events are wild, and your dollar stretched to its limits. I don't want finances to be the limit of your enjoyment. As a serial procrastinator, I like to say, "**diamonds are forged under pressure**". But pressure never bothers me and when it comes to money, I don't sleep cuh..

## Skills

My main skills are making money and spending money. To offset my horrific spending, I meticulously budget, cut costs, and find creative ways to generate income. To sustain my hobbies, I need to stretch every dollar and count every bean. **My skill is managing money, let me manage yours.**

### Favorite Pastimes:

- Import rare parts from international markets, liaising with multiple parties
- Managing budgets and finding the best deals or alternate solutions for problems at hand
- Spending too much time on details (like this poster)
- Dropping a few years tuition to make my car less legal

## Experience

### Registered Business Owner (SSS Produce):

- Research and development
- Manufacturing (liaise with overseas factories)
- Managing and fulfilling sales+ IRD filing
- Allegedly a front to offset GST for my projects

### Serial vehicle flipper:

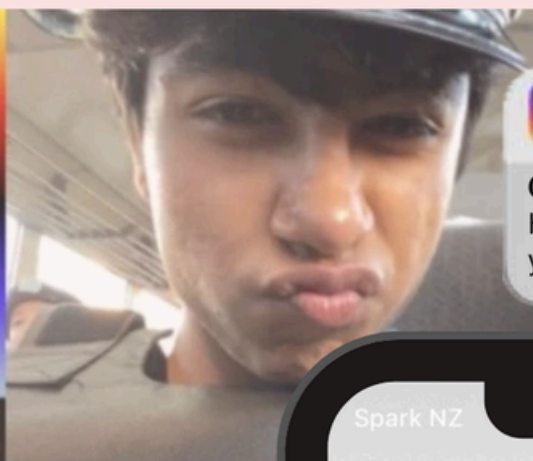

- Avg. seven cars/bikes a year (to keep IRD happy)
- Allegedly sold a car whilst clocked in at work
- Bought a car between classes (wasn't late to class)
- Buy/Sell on behalf
