WELFARE

Welfare Rep !

Not done taking care of you yet -Once a rep, always a ride home !!

My Motivation

" We rise by lifting others"

Being your Welfare Rep this year (2026) has honestly been one of the best parts of pharmacy school.

Actively watching students feel supported has been so rewarding - whether that's a sober ride home or a sweaty pilates event.

I've still got the drive to build this role into something bigger.

What I offer + experience

- A full year of hands-on experience already in this role
- Full driver's licence- ready to be your sober driver
- First-Aid certificate and a full first-aid kit
- Proven event delivery: Pink Shirt Day, pilates, and first aid training.
- Genuinely approachable, students already come to me, and I want that to continue
- Big believer this role can be more than the job description

My Plans

- Keep introducing new events — this role isn't just first aid and sober driving, let me prove it
- Grow the cross-cohort collaborations
- Continue annual traditions that celebrate mental health
- Open to student suggestions — if you want an event, tell me, and I'll make it happen

EDUCATION

Wanting the best possible result for YOUR next test?
VOTE FOR LEON - I GOTCHU

Currently completing Part III of my pharmacy degree, so I know exactly what's ahead of you. I'm running for Education Rep to put that knowledge to work for the whole cohort. I got a hard-working, consistent track record with mentoring on the side and I believe I am the perfect fit for this role!

What you can expect of me as an education representative:

- **Tips and tricks to get your grades to the next level**
- **A voice recognized by the pharmacy staff about YOUR queries and concerns**
- **Easier access to study resources**
- **Supporting students in times of hardships and struggles**

ABIGAIL NEUMANN

PSNZ REP 2026

HEYYY, MY NAME IS ABBIE AND I'M A PART 2 STUDENT. I WOULD ABSOLUTELY LOVE TO BE YOUR PSNZ REP FOR 2026!!
I LOVE BEING APART OF THE PHARMILY, AND THINK THAT THIS IS A GREAT OPPORTUNITY TO MAKE NEW CONNECTIONS AND BRING PHARMACY STUDENTS TOGETHER. I WOULD BE HONOURED TO BE GIVEN THIS POSITION WITHIN APSA!!

I AM A CURRENT RA, WHICH HAS GIVEN ME AMAZING COMMUNICATION AND TEAMWORK SKILLS → ESSENTIAL FOR APSA

I AM A FORMER DEPUTY HEAD GIRL (+4 OTHER LEADERSHIP POSITIONS IN YR 13), SO I AM VERY USED TO COLLABORATIVE MEETINGS AND ORGANISING EVENTS

I HAVE ATTENDED PREVIOUS APSA EVENTS (PUBCRAWL) AND WOULD LOVE TO GET MORE INVOLVED IN THE PHARMACY COMMUNITY

IPSF
CF + SEO

To: The Student Body
APSA – School of Pharmacy
University of Auckland

Greetings from the campaign trail

Kia ora everyone, I'm Ning, a third year pharmacy student. I'm running for IPSF Contact Person because I'm genuinely excited about connecting with pharmacy students beyond New Zealand. Our degree opens doors far beyond dispensing and medication checks, and I'd love to help our students access that wider potential through IPSF's network. If elected, I'd be really grateful for the chance to represent APSA in this space.

What I can offer

- Organised and flexible with my time, including odd-hour meetings across time zones
- Committed to representing APSA professionally and respectfully.
- I come from a bilingual and from a culturally diverse background, so I have personal empathy for what international students navigate, having helped a family relative through visa and university paperwork myself.
- Practical cross-language experience: I regularly relay clinical medication info to Mandarin-speaking patients at my pharmacy job. While IPSF runs in English, I think that same core skill of accurately passing information between two parties so nothing gets lost is valuable for a contact person between APSA and IPSF.

Proposed activites for the year ahead

I'd like to put a bit more on the table for students than just being a point of contact. Some ideas I'd plan to work towards:

- Setting up a regular update (monthly email or social post) so IPSF opportunities (scholarships, exchanges, campaigns) actually reach students instead of getting lost
- Being a responsive, approachable contact person so students feel comfortable reaching out about international opportunities
- Aiming to attend an IPSF World Congress or Regional event in person, and putting together a short report or debrief session afterwards so members can benefit from what I learned, even if they couldn't attend themselves
- Looking into whether a small exchange or pen-pal style connection with another country's pharmacy students could be arranged, so members get a taste of international pharmacy without needing to travel

Thomas Huang for IPSF SEO

Hello, kia ora, 你好, 안녕하세요, नमस्ते, Talofa, Bonjour, Kumusta, こんにちは, Hola, Hallo, Ciao, مرحباً, สวัสดี, Xin chào, Привет, Γεια σου, Selamat pagi, Salam, Olá!

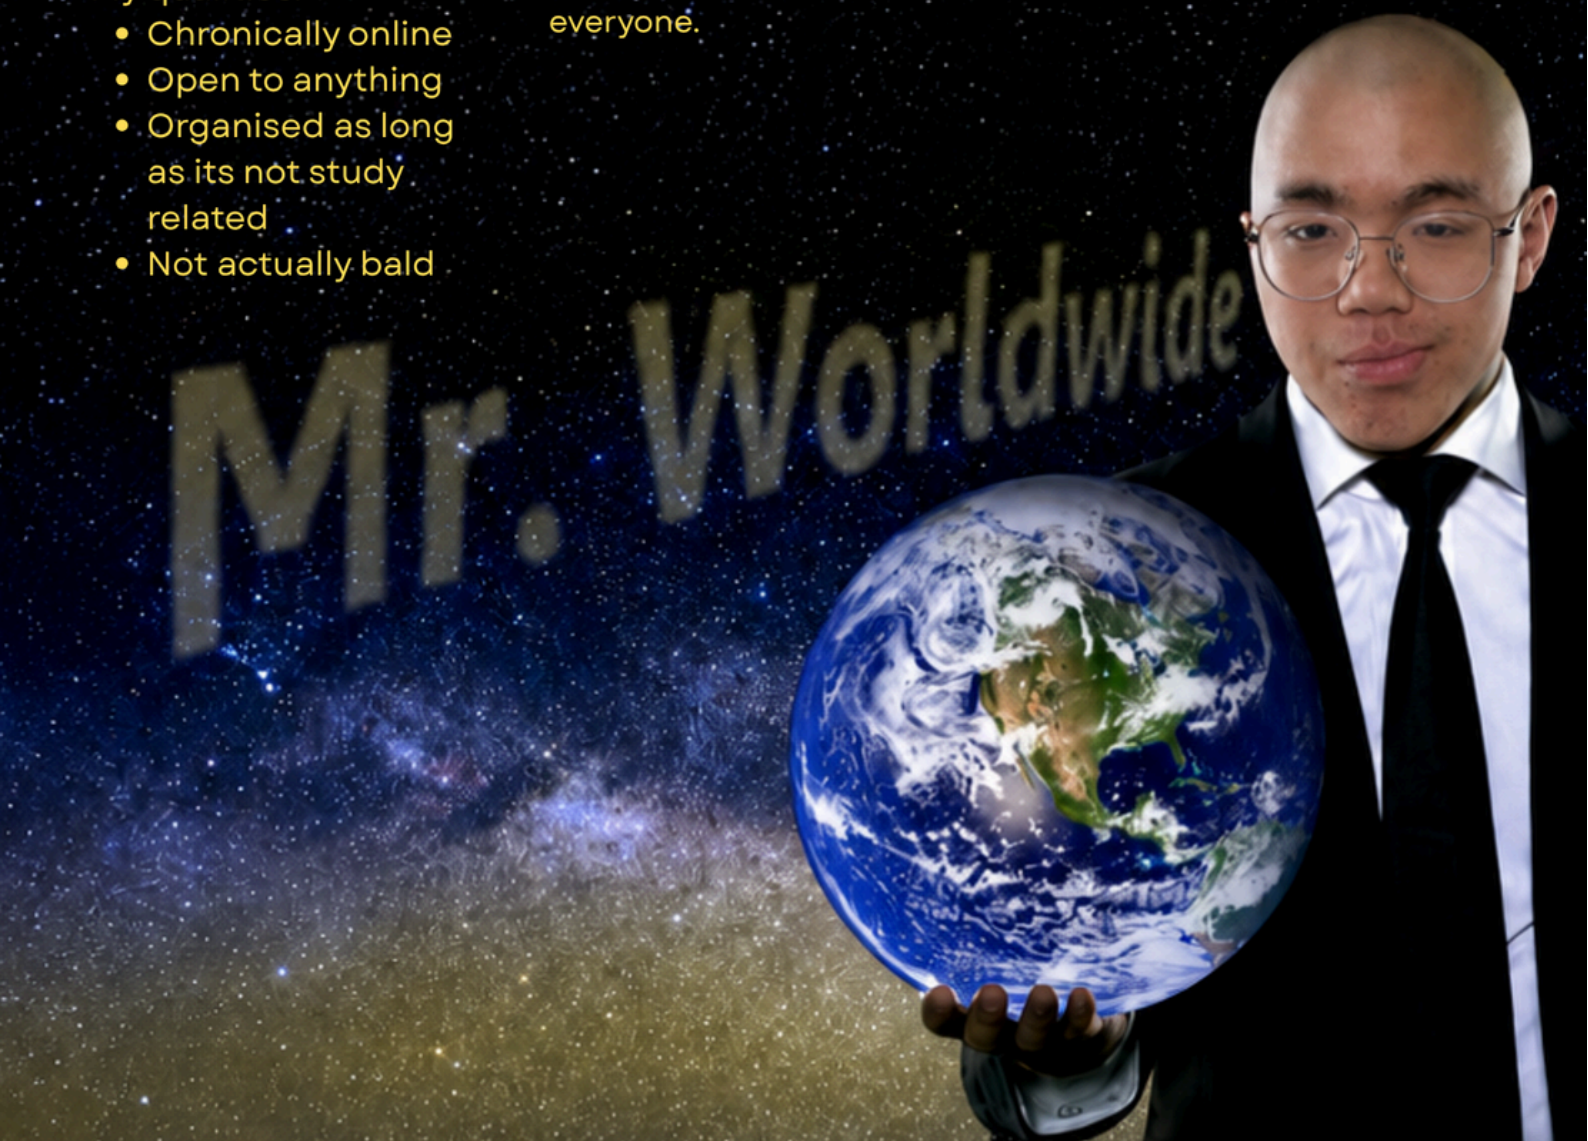

I'm Thomas, and I want to represent you as your IPSF SEO. I'm a third-year student hungry to see what's beyond pharmacy in New Zealand, and I want you to be a part of it!

I love exploring other countries and embracing different cultures, and I believe pharmacy is so much more than what we learn inside the classroom. It's about the people we meet, the perspectives we gain, and the experiences we share along the way.

As your IPSF SEO, I want to help create more opportunities for us to connect with students around the world, experience different cultures, and discover what pharmacy looks like beyond New Zealand. Whether it's international exchanges, conferences, cultural events, or simply connecting with pharmacy students from different backgrounds, I want to make these opportunities more accessible and exciting for everyone.

My qualities:

- Chronically online
- Open to anything
- Organised as long as its not study related
- Not actually bald

GRASSROOTS

Your Future Grassroots Rep

ROOT FOR JULIENNE

Who Am I?

Hellooo Pharmily!!! I am Julienne Soliva, and I would be honoured to be your **Grassroots representative in 2027**. I've lived rurally for most of my life, in a range of rural towns, from the coolest little town of Hokitika to the Great Lake Taupō, all the way to Rotorua.

I am super **passionate** about rural health and would love the chance to **advocate for rural communities**, while also showing you guys the amazing sense of community and belonging that comes with rural life!

My Goal:

I want to **promote rural health** among the new generation of pharmacists, **inspiring** us to **make a difference** now and in the future and to be the **voice of rural communities**

Here is what I offer:

Better rural education!

Promote rural pharmacy **opportunities**!

Always make rural health part of the conversation!

My Motivations

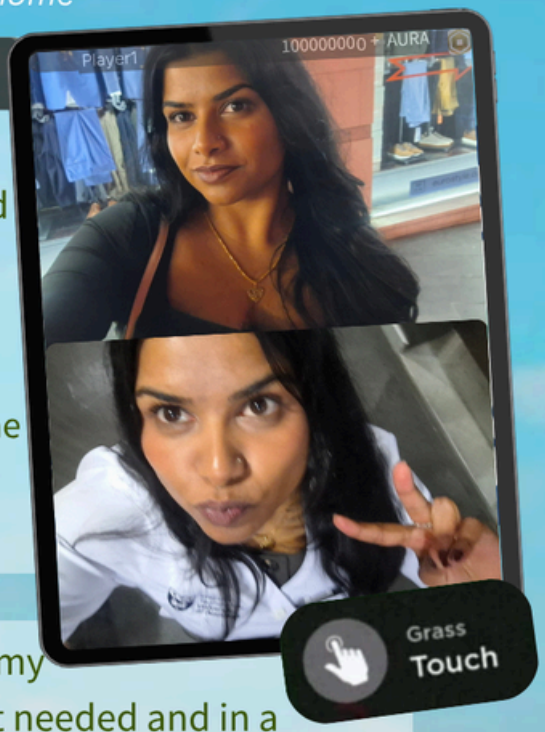

Rural communities have been a massive part of my journey, both as a student and in shaping who I am today. I've experienced firsthand how supportive and close-knit rural communities are and experienced the challenges that come with living rurally like limited access to healthcare. I would love the opportunity to **GIVE BACK** to the community that have supported me

APSA Exec

GRASSROOTS Representative

Rural isn't theoretical for me, it's home

People | Settings | Gallery | Report | Help

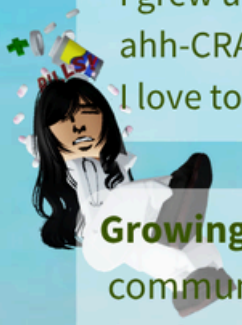

Kia Ora, Pharmily!

My name is Heer, I'm a 2nd year Pharmacy student, and I wanna be YOUR Grassroots representative for 2027!

A lil bit about myself:

I grew up in a small town called ✨**LEVIN**✨ (located in the ahh-CRACK between Palmerston North and Wellington). I love to YAP, goof around, and eat hella food.

Growing up, I've seen the barriers many individuals in my community face in accessing healthcare when it's most needed and in a timely manner. I believe that **WE**, as **future pharmacists**, are perfectly positioned and equipped to **combat** these **inequities** and **support** our **rural communities** in achieving **better health!**

Why me?

- 20-year streak of **Livin' in Levin** - *I have a strong perspective on rural healthcare*
- **Strong Communication** skills - *I'm tri-lingual*
- I'm **friendly** and **approachable** - despite my rbf
- **I remember** things!
- ***Rural isn't theoretical for me, it's home~***

My Game Plan

- **Raising the ROOTS on Rural Health -** spreading awareness about issues and solutions
- **Planting ideas, not just posters -** having real conversations with pharmacists working rurally
- **Growing a Pharmacy community** that actually cares about rural health and has a willingness to engage

Cloudy with a chance of full adherence
